OUR
CONTACTS

ABOUT **ASIALINK**

AsiaLink is a premier bespoke sourcing agency committed to providing businesses with seamless access to high-quality produce from Greater China. With a deep understanding of the region's dynamic market landscape, we serve as a trusted partner, expertly navigating the complexities of sourcing to deliver exceptional results.

Acting as an extension of our clients' operations, we take a meticulous and client-centric approach, ensuring that every sourcing solution is tailored to meet their specific needs. From identifying the most suitable suppliers to managing negotiations, quality assurance, and logistics, we handle every stage of the procurement process with precision and efficiency.

At **AsiaLink**, our priority is to safeguard our clients' best interests by offering reliable, cost-effective, and transparent sourcing solutions. By leveraging our extensive network, market expertise, and rigorous due diligence, we empower businesses to achieve sustainable growth while optimising their supply chains with confidence.

MISSION

At **AsiaLink**, our mission is to redefine the sourcing experience by providing businesses with a seamless, transparent, and client-focused approach to procurement in Greater China. Through strategic expertise, rigorous quality control, and bespoke service, we empower our clients to navigate the complexities of sourcing with confidence and achieve long-term success.

VISION

Our vision is to establish **AsiaLink** as the premier sourcing partner for businesses seeking exclusivity, quality, and strategic advantage in Greater China. We aspire to bridge global enterprises with the region's finest suppliers, fostering sustainable, high-value partnerships that drive growth and innovation. By continuously refining our expertise, expanding our network, and upholding the highest standards of service, we aim to set new benchmarks in the industry and redefine excellence in bespoke sourcing solutions.

KEY SERVICES

CUSTOMISED SOURCING

AsiaLink provides customised sourcing services from Greater China, managing every aspect from supplier selection to logistics. With our expertise, you can focus on business growth while we ensure the delivery of high-quality products at competitive prices.

SUPPLIER MANAGEMENT

AsiaLink guarantees access to reliable, ethically sourced suppliers while facilitating clear and efficient communication. We streamline operations, mitigate risks, and manage supplier relationships, ensuring a hassle-free and optimised sourcing experience.

QUALITY ASSURANCE & CONTROL

At **AsiaLink**, quality is our top priority. Our stringent QA/QC processes ensure that every product meets your exact standards, with thorough inspections at every stage. For added transparency, we collaborate with trusted third-party testing partners to guarantee excellence.

CONSULTATION & SUPPORT

AsiaLink's specialists provide comprehensive sourcing expertise, offering in-depth market analysis, regulatory compliance assistance, and continuous support. We ensure a seamless and informed international trade experience, empowering your business with strategic insights and reliable solutions.

REVERSED SERVICE

LOCAL REPRESENTATION & RELATIONSHIP MANAGEMENT

AsiaLink serves as your trusted local partner, fostering strong supplier relationships and ensuring smooth collaboration. Our on-the-ground presence enables effective communication, cultural understanding, and proactive issue resolution, streamlining your sourcing operations.

MARKETS & COVERAGE

AsiaLink operates at the intersection of high-demand markets and premium sourcing regions, ensuring seamless trade between Greater China and key destinations in Southeastern Europe and the Caucasus.

Target Markets

GR Greece	Gateway to the EU with a strong demand for high-quality imports.
CY Cyprus	A strategic hub for Mediterranean trade and distribution.
TR Turkey	A key manufacturing centre with diverse sourcing needs.
BG Bulgaria	An emerging market with expanding business ties to Asia.
RS Serbia	A growing economy with strong import opportunities.
AL Albania	A developing market with increasing international trade.
GE Georgia	A strategic corridor between Europe and Asia.
AZ Azerbaijan	A resource-rich economy with growing consumer demand.

Sourcing Regions

HK Hong Kong	A global trade hub with world-class logistics infrastructure
TW Taiwan	Renowned for high-tech manufacturing and premium goods.
CN China	The world's largest manufacturing base with diverse capabilities.
KR Korea	A leader in innovation, technology, and premium products.

Strategic Approach

- **Multi-Regional Representation** – With offices in **Hong Kong** and **Athens**, we maintain strong local connections, bridging the gap between suppliers and clients.
- **On-Ground Presence** – Our team works closely with suppliers and clients, ensuring smooth operations and effective relationship management.
- **Tailored Sourcing Solutions** – We adapt to regional regulations, business cultures, and logistical needs, ensuring a seamless sourcing experience.

CORPORATE STRUCTURE

DUAL OFFICE CONCEPT

At AsiaLink, we operate through a dual-office structure, strategically positioned in Hong Kong and Athens to optimise efficiency and enhance our global reach. Each office plays a distinct yet complementary role in delivering seamless sourcing solutions to our clients.

EUROPE

ATHENS

- **Client Representation & Relationship Management** – Serving as a local point of contact for European clients.
- **Market Expansion & Business Development** – Strengthening AsiaLink's presence in the Balkans, Anatolia, and the Caucasus.
- **Regulatory Advisory & Trade Compliance** – Ensuring seamless cross-border transactions by navigating EU import regulations.
- **Partner Network & Regional Insights** – Connecting clients with key stakeholders and industry players across the region.
- **Client Relations** – Providing personalised support.

ASIA

HONG KONG

- **Supplier & Market Research** – Identifying and vetting reliable suppliers in Greater China.
- **Quality Assurance & Compliance** – Overseeing QA/QC processes and ensuring adherence to international standards.
- **Contract Negotiation & Risk Management** – Managing supplier agreements and mitigating sourcing risks.
- **Logistics Coordination** – Streamlining shipments, customs processes, and supply chain efficiency.
- **Customised Sourcing** – Providing tailored procurement strategies and personalised support.

FLOWS & PROCESSES

FLOWS

1. Initial Consultation with Client

We begin by engaging with our clients to understand their specific sourcing needs, goals, and product requirements. This in-depth consultation allows us to gather essential information to create a sourcing strategy aligned with their business objectives

2. Tailoured Proposal Creation and Presentation to Client

Following the consultation, we prepare a bespoke proposal that outlines recommended suppliers, pricing options, and the most effective sourcing strategy. This proposal is presented to the client, with all aspects clearly detailed to ensure mutual understanding and alignment.

3. Negotiations of Terms & Conditions and Contracting

Once the proposal is agreed upon, we move into the negotiation phase, where we finalise terms and conditions, including pricing, delivery schedules, and compliance requirements. Once all terms are agreed, we proceed with contract finalisation, ensuring clarity and transparency in all agreements.

PROCESSES

1. Initial Consultation & Needs Assessment

We begin by understanding your unique requirements. Through detailed consultations, we assess your sourcing needs, business goals, and product specifications. This ensures we tailor our solutions to align with your objectives.

2. Market Research & Supplier Identification

Our experts conduct thorough market research to identify reliable suppliers that match your criteria. We focus on quality, compliance, and capacity, ensuring that the suppliers we recommend meet the highest industry standards.

3. Supplier Negotiation & Contract Finalisation

Once suitable suppliers are identified, we manage the negotiation process to secure the best terms. Our team handles pricing, delivery schedules, and compliance agreements, ensuring transparency and protecting your interests.

4. Quality Assurance & Pre-Shipment Inspections

Quality is a cornerstone of our service. We conduct inspections at every stage of production, ensuring products meet agreed specifications. We also arrange trusted third-party testing for additional transparency and reassurance.

5. Logistics Coordination & Customs Management

We manage the entire logistics process, from shipment coordination to customs clearance, ensuring timely and cost-effective delivery. Our team handles all logistics documentation and works closely with freight partners for smooth transit.

6. Ongoing Support & Relationship Management

Our commitment doesn't end with delivery. We provide continuous support to ensure smooth operations and to address any issues that may arise. Our dedicated team also manages supplier relationships, keeping communication channels open for long-term collaboration.

NEXT STEPS

AI-Backed Supplier Vetting System

Leveraging AI, we plan to implement an advanced supplier vetting system that analyses historical performance, compliance records, and real-time data.

Resident Manager Services

To provide a more personalised service, our account managers will spend significant time at clients' offices, offering in-person support.

Real-Time Virtual Supplier Engagement

Shortly we will introduce an interactive video meeting platform that allows clients to experience supplier facilities in real-time.

Customised Procurement Training & Advisory

Soon we will offer tailored training programmes for clients' procurement teams, providing expert guidance on sourcing best practices.
